- School Breakfast (SB) / SB Severe Need (SBSEVERE)
- Afterschool Care Snack Program-Area Eligible (SK_NSLAE) and Non-Area Eligible (SK_NSL)
- Special Milk (SMP)

You have 60 days from the last day of the claiming month to submit claims. **A separate claim must be submitted for every month, even if the month consists of only one day of meal service to students.** All claims must be submitted electronically by accessing DPI School and Community Nutrition Online Services.

USDA requires the DPI to deny claims submitted more than 60 days after the end of the claiming month (e.g., September's claim must be submitted no later than November 29). DPI is allowed to approve one exception per 36-month (three-year) period to the 60-day claim submission deadline per program (NSL, SB, etc.).

All schools will receive their payment for reimbursement via electronic deposit. Instructions for how to view-print claims submitted for reimbursement that detail the amount that was/will be paid are included in this manual.

Before submitting, review the claim carefully to be sure it is complete and accurate.

Print a hard copy of all claims for your records to retain for three years plus the current year.

Below is the calendar of claim submitting deadlines.

National School Lunch Program (NSLP)

Prepare the following information before logging into the *Online Services* website.

Number of Students Approved for Free

Enter the highest number of students who are approved for free meals during the claiming month, based on approved applications on file and/or through direct certification.

CEP Only Sites - Number of Students Approved for Free

Enter the CEP site free claiming percentage X the total site enrollment.

CEP Sites + Non CEP Sites - Number Approved for Free

Enter the highest number of students who are approved for free meals during the claiming month, based on approved applications on file and/or through direct certification for the non-CEP sites + the CEP site specific free claiming percentage X the total site specific enrollment for CEP sites.

Number of Students Approved for Reduced Price

Enter the highest daily number of students who are approved for reduced price meals during the claiming month, based on approved applications on file.

- Free and reduced price eligibility from the prior school year, for returning students, may be used for the first 30 operating days of the new school year. See the USDA *Eligibility Guidance for School Meals Manual* (<http://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/eligibility-manual-for-school-meals-july-2015.pdf>) for more information.

Note: If a student changes eligibility status during the month, this student is included in both eligibility categories. Also, if a student ate only one meal during the month and then transferred out of the school district, this student is included in the appropriate eligibility category.

Number of Schools/Sites Participating

Enter the number of schools/sites serving lunches during the claiming month. The number must be consistent with the information submitted on Schedule A of the current online contract. Please refer to the SNT Contract Manual <http://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/contract-manual.pdf> for further information about revising contract information.

Total Number of Days Operating

Enter the highest number of days any school/site served lunches during the claiming month.

Enrollment

Enter the number of enrolled students who had access to the NSLP during the claiming month.

“Enrolled” children are those who have been formally approved to attend your school. Do not include half-day kindergarten and pre-kindergarten students if they do not have access to the lunch program.

“Third Friday” enrollment can be reported, if monthly enrollment is not computed. The number of enrolled students can never be less than the Average Daily Attendance.

If you receive an error message that your total number of free, reduced, and paid student has exceeded your allowed total enrollment, please call the School Nutrition Team at 608-267-9228.

Average Daily Attendance (ADA)

Enter the average daily attendance (ADA) for all schools/sites serving lunches. ADA can be calculated by dividing the total number of students in attendance each day for the claiming month by the total number of school days in the claiming month. If a monthly ADA is unavailable, use the yearly figure for ADA. The ADA calculated for the month cannot exceed the reported enrollment.

Do not include half-day kindergarten or pre-kindergarten students if they do not have access to the school lunch program. If you have excluded pre-kindergarten and/or kindergarten students from your NSLP “enrollment” number, exclude them from your ADA. If you have included pre-kindergarten and/or kindergarten students in your “enrollment” number, include them for your ADA. This figure is the number of students attending school who have access to the lunch program, not the number of students eating a lunch (participation). Refer to Appendix A for details on calculating ADA for pre-kindergarten/kindergarten students.

Free Student Meals

Enter the total number of lunches served to students approved for free meals during the claiming month. Federal and state reimbursement is received for these and therefore must be supported by daily participation records that have been verified using an edit check procedure (Refer to Appendix B – Required Edit Check Procedure for School Lunch Program).

CEP Free Student Meals

Enter the total number of free CEP lunches served to students during the claiming month. (Refer to Appendix B – Required CEP Edit Check Procedure for School Lunch Program.) If you do not have CEP sites enter “0” in the CEP boxes.

Reduced Price Student Meals

Enter the total number of lunches served to students approved for reduced price meals during the claiming month. As previously stated, federal and state reimbursement is received for these and therefore must be supported by daily participation records that have been verified using an edit check procedure.

Paid Student Meals

Enter the total number of lunches served to paid students during the claiming month. As previously stated, federal and state reimbursement is received for these and therefore must be supported by daily participation records that have been verified using an edit check procedure.

CEP Paid Student Meals

Enter the total number of paid CEP lunches served to students during the claiming month. If you do not have CEP sites enter “0” in the CEP boxes.

Total Student Meals

Enter the total number of student lunches served during the claiming month (free + reduced price + paid). The total number of student lunches must equal the numbers claimed for the three types of student meals, or the claim will be rejected.

Entering a NSLP Claim in Online Services

1. Once you have prepared your claim information and logged into Online Services, select *School Nutrition Program* from the menu bar.

2. Select *Monthly Reimbursement Claim*

3. Select *National School Lunch Program*

4. Select *Enter Claim* to enter a new claim for reimbursement. If the previous claim has been paid, the fields will be blank you can enter the information. How to Logout

- Click the *Logout* tab on the menu to exit from the Online Services system.

Afterschool Snack Program

Access the appropriate screen on the School and RCCI Reimbursement Claims menu. The “Snacks (SK- NSL)” is for sites that are not “area eligible” and the “Snacks-Area Eligible (SK- NSLAE)” is for sites that are “area eligible”. An Afterschool Snack Program site qualifies as area eligible if 50 percent or more of its enrollment are eligible for free or reduced price meals or if it is located in the attendance area of a school which has at least 50 percent of its enrollment eligible for free or reduced price meals. CEP sites are area eligible if the individual site Identified Student Percentage (ISP) X **1.6** is equal to or greater than 50 percent. These sites are eligible to receive reimbursement at the free rate for snacks served to all children participating in an approved Afterschool Program for snacks, regardless of each individual participant’s eligibility for free or reduced price meals.

For afterschool snacks at sites that are not area eligible, reimbursement is based on the individual eligibility of the children.

Per SP 45-2015 page 23 #79, CEP schools that are area eligible claim all snacks at the free reimbursement rate. A CEP school is area eligible if (1) at least 50 percent of students are free or reduced price eligible (school’s individual ISP is at least 32.5 percent), or (2) the school is located in the attendance area of another school that is area eligible.

If a CEP school **does not** qualify as area eligible (e.g., individual school ISP of 30.000% x 1.6 = 48.0%), they use the same **group** claiming percentage (free and paid) that they use to claim meals under the NSLP and SBP. They would not have individual meal eligibilities to claim with. If you have some school snack sites that are area eligible and some that are not, the school must file two separate claims, entering participation information on the appropriate screen.

Sites for which afterschool snacks are being claimed must be indicated on Schedule A of the current school year’s approved online contract. If the contract does not indicate the SFA is sponsoring the Afterschool Snack Program, your claim will not be processed. A contract amendment can be entered at any time to add or modify an Afterschool Snack Program.

Number of Students Approved for Free

For sites that are not area eligible, enter the highest number of students participating in the afterschool snack program who are approved for free meals during the claiming month, based on approved applications on file and/or through direct certification.

For sites that are not area eligible, enter the highest number of students participating in the afterschool snack program who are approved for reduced price meals during the claiming month, based on approved applications on file.

Number of Schools/Sites Participating

Enter the number of afterschool snack schools serving snacks during the claiming month. The number must be consistent with the information submitted on Schedule A of the current contract.

Total Number of Days Operating

Enter the highest number of days any afterschool snack schools served snacks during the month.

Average Daily Attendance (ADA)

Enter the average daily attendance (ADA) for the claiming month based on the totals from all afterschool snack schools combined. These boxes are for the number of students **attending** the afterschool snack schools, **not** the number of students eating snacks.

Free Student Meals

Enter the total number of free snacks served to eligible participants. For area eligible snack *schools*, *all snacks served to children are claimed here*.

Reduced Price Student Meals

Enter the total number of reduced price snacks served to children approved for reduced price meals during the claiming month.

Paid Meals

Enter the total number of paid (non-needy) snacks served to children during the claiming month.

Total Student Meals

Enter the total number of snacks served (Free + Reduced Price + Paid) to eligible participants during the claiming month. If the total number of snacks does not equal what has been entered for the three types of student snacks, the claim will be rejected.

Entering and Modifying an Afterschool Snack Program Claim

2. Select *Monthly Reimbursement Claim*.

3. 4. Select *Enter-Modify Claim* to enter a new claim for reimbursement or modify the previous month's claim.

5. After entering a claim for reimbursement, SFAs may modify the claim until the time the claim is processed by DPI. Processing of claims is completed weekly, in most cases on Tuesday mornings.

Special Milk Program

USDA's Special Milk Program may be claimed for any students who do not have access to the School Lunch or Breakfast Programs. This would be for "all students" if the SFA is **Special Milk Only**. If Special Milk is claimed at sites that also serve breakfast or lunch, those claims may only be for half-day (split session) students that do not have access to lunch or breakfast. Milk served as a component of the reimbursable NSL and SB is not claimed here. Do not claim milk served in the Wisconsin School Day Milk Program or sold a la carte.

Sites for which milk served under this program are being claimed must be indicated on Schedule A of the current school year's online contract. If the contract does not indicate the SFA is sponsoring the Special Milk Program, your claim will not be processed. A contract amendment may be made at any time to add or modify the Special Milk program.

Prepare the following information before logging into the *Online Services* website.

Number of Sites/Schools Participating

Enter the number of schools serving half-day kindergarten/pre-kindergarten SMP milk during the claiming month. The number must be consistent with the information submitted on Schedule A of the current online contract and must only include schools that have programs where students have **no access** to the School Breakfast or the School Lunch Programs.

Total Number of Days Operating

Enter the highest number of days any of the above schools served milk during the claiming month.

Cost Per Half Pint

Enter the school agency's actual cost per half-pint of milk, carried to four decimal places (e.g., \$.2348). **To determine the cost per half-pint**, divide the total dollar cost of all milk purchased during the claiming month by the number of half-pints of milk purchased. This box **must** be completed.

Note: The USDA established reimbursement rate is the maximum amount you will receive per half pint. If the per half-pint cost is less than this rate for milk, your school agency will be reimbursed at the lower amount per half pint.

Free Milk

This box is for schools with a **pricing program who have chosen the free milk option** on the contract. Enter the total number of half-pints or half-pint equivalents of milk served free to students who are approved for free milk. *Under a pricing program with the free milk option, milk is provided free to students from households which meet the family size income criteria, are categorically eligible, or have been matched on a direct certification run, and milk is sold under a separate charge to non-eligible children.*

Paid Milk

Non-pricing programs (those who provide milk free to all students) and **pricing programs without the free milk option**, enter the total number of half-pints of milk served to students (not adults) during the claiming month. **Pricing programs with the free milk option**, enter the number of half-pints of milk served during the month to students who do not qualify for free milk.

- The SMP has no limit on the number of half-pints of milk that can be served to students per day, but documentation of milk served, obtained at the point of service (not dairy invoices) must be available to support the number of milks claimed.
- Schools may not submit the number of half-pints of milk served to adults, including staff, and to non-enrolled children. The half-pints served to adults or non-enrolled students are not reimbursable by USDA.

Entering a SMP Claim

1. Once you have prepared your claim information and logged into Online Services, select *Special Milk Program* from the menu bar.

2. Select *Claim Reimbursement*.

3. Select *Enter-Modify Claim* to enter a new claim for reimbursement or modify the previous month's claim if it has not yet been paid.

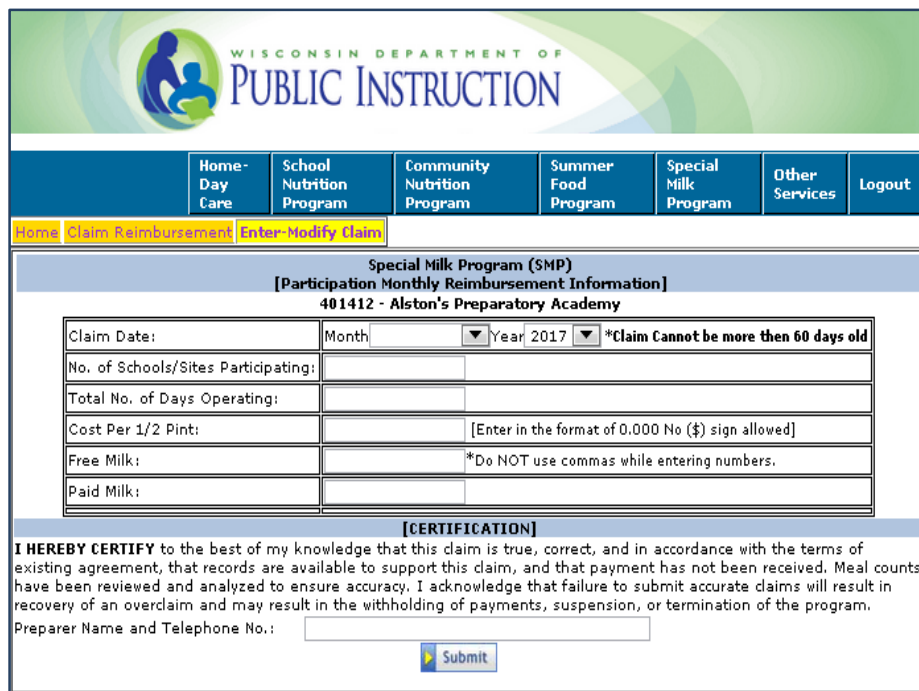

4. After entering a claim for reimbursement, SFAs may modify the claim until the time the claim is processed by DPI. Processing of claims is completed weekly, in most cases on Tuesday mornings.

After a claim is in Paid status, it CANNOT be modified online. You must submit an amendment via fax or email; amendments cannot be submitted online. Enter the correction in a blank claim, but do not click submit. Print the page using your browser and log out. Submit this corrected claim by fax or email to the attention of Jacqueline Jordee, fax 608-267-9207; email Jacqueline.jordee@dpi.wi.gov. If you have questions, contact Jacque at 608-267-9134.

Information about Submitting Yearly Claims in Online Services

- Wisconsin School Day Milk (WSDMP)
- Elderly Nutrition (EN) Programs

WSDMP and the EN are yearly claims and must be submitted via DPI Online Services by August 31 annually.

Wisconsin School Day Milk Program (WSDMP)

The WSDMP was created by the Wisconsin Legislature to reimburse schools for the milk (juice) served at a milk break to pre-kindergarten through grade 5 students who are eligible for free or reduced price meals. Only one half-pint of milk (or daily unit of juice) may be claimed per eligible student per school day. By state law, no charge can be made to students who are eligible for free/reduced price meals, who receive milk/juice under the WSDMP. Milk/juice served to (paid) students at the milk break in grades pre-K through 5, and students in grades 6-12, is not eligible for reimbursement. If milk served to students is claimed under the federal SMP, it may not be claimed under the WSDMP.

A claim for juice can be made only if it was served as a substitute for milk to an eligible student, with written documentation on file from a physician that the individual student's condition prohibits the consumption of milk.

Public Schools Using Wisconsin Uniform Financial Accounting Requirements (WUFAR): The WSDMP has been assigned Revenue Source Code 617, Program/Project Code 544. Sites for which milk is being claimed under this program must be indicated on Schedule A of the current school year's approved contract. If the contract does not indicate the SFA is sponsoring the WSDMP, your claim will not be processed. A base paper contract must be submitted to DPI when adding WSDMP to your contract for the first time.

Prepare the following information before logging into the *Online Services* website.

Milk Served to Free – Reduced Students

Enter the total number of half-pints of milk served during milk break to eligible free and reduced price students during the entire July 1-June 30 school year. *Claims must be supported by daily participation records on file.*

Juice Served to Free – Reduced Students

Enter total number of substitute juice units served during milk break to eligible free and reduced price students during entire July 1-June 30 school year.

Schools Cost Per Half Pint of Milk

Enter your school's cost (to four decimal places) per half-pint of WSDMP milk. Documentation must be maintained to support this reported cost. This cost will be multiplied by the number of half-pints of milk reported in box 83 to obtain your school's claimed amount of state WSDMP aid, before prorating (if necessary) the annual aid payment. Consider a reasonable amount for this

program. For example, if your school serves only 1% milk for the milk break, your cost per half-pint of 1% milk is more reasonable than the average cost per half-pint of all types of milk served as a component of the *NSL* program.

School's Cost Per Unit of Juice

Enter your school's cost (to four decimal places) per unit for WSDMP substitute juice.

Preparer Name and Telephone Number

Enter the name of the person who enters the claim and phone number where they can be reached if there are questions.

Entering a WSDMP Claim

1. Once you have prepared your claim information and logged into Online Services, select *School Nutrition Program* from the menu bar.

2. Select *State Programs' Annual Claim & Reporting*.

3. Select *Wisconsin School Day Milk Program* from the menu bar.

4. Select *Enter Claim* from the menu bar.

5. Enter **participation data** on *Enter Claim* screen. Because this is an annual claim, the only month option is June. Please select the correct year. When finished entering the information, enter the preparer's name and telephone number. When the claim is completely filled out, click on the *Submit* button. Enter "0" (zeros) in the fields that do not apply. *Do NOT use commas when entering numbers.*

A certification statement is also present, followed by a field for Preparer Name and Telephone No. and a Submit button.

Modifying a WSDMP Claim

1. Select *Modify Claim* from the menu bar.

2. After entering a claim for reimbursement, SFAs may modify the claim until the time the claim is processed by DPI. Processing of claims is completed weekly, in most cases on Tuesday mornings.

After a claim is in Paid status, it CANNOT be modified online. You must submit an amendment via fax or email; amendments cannot be submitted online. Enter the correction in a blank claim,

Elderly Nutrition (EN) Improvement Program

The EN program was created by the Wisconsin Legislature to subsidize schools who wish to serve a noontime meal to the community's elderly citizens. The state's EN program reimburses school sponsors for 15 percent of the actual annual cost of serving an EN lunch, to a maximum of 50 cents per meal. Since the state aid amount is based on claimed cost, it is important that you report an accurate cost amount. Only persons 60 years of age or older, and their spouses of any age, are eligible for this program.

Public Schools Using WUFAR: We require that the EN Program be operated under Fund 50. EN has been assigned Revenue Source Code 617, Program/Project Code 545. The annual revenues and expenditures must be reported in the *A la Carte, WSDMP, SMP, EN* column on the annual financial report.

Sites for which meals are being claimed must be indicated on Schedule A of the current school year's approved online contract. If the online contract does not indicate the SFA is sponsoring the EN Program, your claim will not be processed. We also need a paper based contract for you to add the program to your SFA.

Total Lunches

Enter the total number of EN lunches served to the eligible elderly during the July 1-June 30 school year.

Total Expenditures

Enter your SFA's total expenditures for the EN Program for the July 1-June 30 school year.

Frequently Asked Questions

1. Claims Due – When?

Claims are due within SIXTY DAYS of the last day of the claiming month.

2. Is There Any Time When I Cannot Enter a Claim?

Yes. When the Payment Process Package for claims is running, you cannot access the “Enter Claims” part of Online Services. This process usually lasts only a short time and is typically done on Tuesday mornings with few exceptions. If this process is running, you will get an error message telling you to wait one hour, and then retry. Other than processing times, the “Enter Claims” area of the Online System is available anytime from anywhere. As long as our server is online (which it always should be), we will accept any claim data or requests for past claims information.

3. Claim Data and Errors

There are “edit-checks” on certain fields on the claim forms. These edit-checks will not allow certain data to be entered, e.g., total meals for month cannot exceed enrollment times days operating. If you think you have valid data and the Internet site will not accept it, please call Jacqueline Jordee at 608-267-9134. If necessary, a paper claim may need to be submitted in some instances.

4. Why or When Would I Modify a Claim?

If a previous claim’s data is incorrect, and it has NOT been paid, you can submit the data again with the correct data. Once the claim is paid, it can NOT be modified online. You will need to submit a paper claim as an amendment by fax or email.

5. Can’t Get into Program to Enter Information

The Online System checks the agency code against our valid contract file. If you do not have a valid contract on file for the specific program you are trying to enter, you will not be able to access the screens. If you think you have a valid contract and still cannot get into the entry screen you desire, please call the School Nutrition Team at 608-267-9228.

Contacts

Contact names and phone numbers on this page are for questions relating directly to the entering of claims or data in Online Services. Please direct your questions to the Primary Contact first, then to the Secondary Contact (only if the Primary Contact cannot be reached).

APPENDIX A

REPORTING PRE-KINDERGARTENERS AND KINDERGARTENERS

The following explains how to report kindergartners and pre-kindergartners on the edit check and the monthly reimbursement claim. As a general rule, if kindergartners or pre-kindergartners have access to the School Lunch Program on a particular day, then for that day they are to be included in both the Enrollment and the Average Daily Attendance (ADA) figures. Below, we have identified three different kindergarten situations. Please read through these explanations and decide which situation applies to your school.

1. Kindergartners/pre-kindergartners who go either full days or half days daily, and who do eat lunch, **are to be included** in the Enrollment as well as the ADA figures.
2. Half-day kindergartners/pre-kindergartners, who do not eat lunch at school, **should not be included** in the Enrollment or the ADA figures.
1. Kindergartners/pre-kindergartners, who go full days but only several days a week, **should be included** in both the Enrollment and the ADA figures, **but only on those days when they are in school**. Below is an example of 25 kindergartners who attend full days on Monday, Wednesday, and Friday in an elementary school along with 275 other students.

<u>Date of Service</u>	<u>Days of Service</u>	<u>Enrollment</u>	<u>Daily Attendance</u>
Mon 10/5	1	300	285
Tues 10/6	2	275	265
Wed 10/7	3	300	286
Thu 10/8	4	275	264
Fri 10/9	5	300	287
Mon 10/12	6	300	288
Tues 10/13	7	275	262
Wed 10/14	8	300	283
Thurs 10/15	9	275	264
Fri 10/16	<u>10</u>	<u>300</u>	<u>284</u>
Totals	10	2900	2768

To determine the **Enrollment** for the month, you would divide the total enrollment by the number of days served. In this case, 2900 would be divided by 10 days, for a monthly enrollment of 290.

To determine the **Average Daily Attendance (ADA)** for the month, you would divide the total daily attendance for the month by the number of days served. In this case, 2768 would be divided by 10 days, for an ADA of 277.

If you have any questions concerning the reporting of pre-kindergartners/kindergartners in your school, please contact **School Nutrition Programs** at (608) 267-9228.

Required Edit Check for National School Lunch Program

U.S. Department of Agriculture (USDA) regulations require school agencies to complete an edit check for each of its schools that participate in the National School Lunch Program prior to consolidation of the daily lunch counts for the monthly reimbursement claim. The purpose of the edit check is to identify errors in the schools' lunch counts and/or problems with the meal counting and claiming procedures so that necessary corrections are made. The prototype daily participation/ edit check form is provided by DPI. However, school agencies are not required to use this particular form but must perform an edit check after completing the calculations shown on the bottom of the form. Those school agencies with computerized meal counting systems or in process of purchasing such a system should ask vendors about the edit check feature.

USDA's Required Edit Check Procedures for Each School

1. ***Obtain and record the highest number of students in each category.***
 - Obtain the highest number of students approved for free and for reduced price lunches.
 - Obtain the highest student enrollment in the schools submitting lunch participation data for the month. Exclude those students who do not have access to the lunch program (e.g., half-day kindergarten and/or pre-kindergarten students) when arriving at the enrollment figure to use in the edit check.
 - **Subtract the number of students approved for free and reduced price meal benefits from the student enrollment to obtain the number of students for the paid category.**
2. ***Compute the attendance factor.***
 - Divide the average daily attendance for students by the school enrollment to obtain the attendance factor. The attendance factor is percentage of students in attendance and is not the percentage of students participating in the school lunch program.

Note: The attendance factor must be calculated at least once each school year but may be computed each month.
3. ***Calculate the "highest number of lunches expected for any day" by eligibility category.***
 - Multiply the highest number of students in each category by the attendance factor.
4. ***Compare the "highest number of lunches expected for any day" to the daily counts recorded on the participation record for each of the eligibility categories.***
5. ***Evaluate any daily lunch counts that exceed the "highest number of lunches expected".***
 - The school may find that students approved for the free or reduced price lunches attend at a higher daily rate than those students in the paid category.
 - Documentation such as daily attendance records or check-off rosters may be used to support daily counts that exceed the "highest number of lunches expected".
 - Scan the daily counts and evaluate any that appear unusual, such as transposed digits, counts reported in the wrong category or questionable patterns in daily counts.
6. ***Correct any lunch count reporting errors that are discovered during the edit check before consolidating counts for the reimbursement claim.***

Example of a School's Required Edit Check

School's highest number of students approved for free meal benefits during the month: 15
 School's highest number of students approved for reduced price benefits during the month: 8
 School's highest daily enrollment for students with access to the lunch program: 239
 School's highest number of students in the paid category: $239 - 23 = 216$
 School's average daily attendance: 230 School's attendance factor: $230 \div 239 = .962$

	Highest # Of Students Approved in Month		Attendance Factor (average daily attendance ÷ school enrollment)		Highest # Of Lunches Expected for Any Serving Day
Free	<u>15</u>	X	<u>.962</u>	=	<u>14.4 or 15</u>
Reduced-Price	<u>8</u>	X	<u>.962</u>	=	<u>7.7 or 8</u>
Paid	<u>216</u>	X	<u>.962</u>	=	<u>207.8 or 208</u>

Although it is not required to complete an edit check incorporating an attendance factor, USDA regulations prohibit claiming for free and reduced price breakfasts in excess of the number of children approved for free and reduced price breakfasts.
